Paulsan Construction  
16-20 Roy Blvd.  
Brantford, ON N3R 7K2

To Whom It May Concern:

We are pleased to provide this letter of reference for Paulsan Constructions for the work done at the Langs Community Diabetes Program satellite site at 123 Pioneer Drive in Kitchener. This was our first experience with Paulsan and it was a very positive one.

Paulsan met with our team several times to understand the scope of the project and to discuss timelines, logistics and cost of the project. Their project management staff were professional and accessible. They took the time to answer all of our questions and made suggestions that would be more cost effective for our project.

Our project was a small renovation requiring 2 weeks of work. The timeline for completion was crucial. The Paulsan team was very organized and did an excellent job working productively each day. Our site visits, some unexpected, to check on progress were welcomed by the construction staff. They took the time to explain their progress and update us on the construction schedule. In the end the project was completed on time and the quality of the work was excellent.

Paulsan did such a great job at our clinic in Kitchener that we also had them complete some repair work at our Grow Community Centre in Cambridge. They did some interior repairs and installed fencing for us. We stressed that our summer programs were starting and we needed the work done fairly quickly. This was not an issue. Once again, they completed the work in a timely fashion.

Our overall experience with Paulsan was very positive and we highly recommend them for any future projects.

Sincerely,

Bill Davidson, Executive Director

Anka Brozic, Director Diabetes Education Programs

Sue Leal- Schnarr, IT, Facility and Data Management Coordinator
